About Me

Passionate and quick-learning programmer with a Bachelor's degree in Computer Science from Brunel University London. Strong background in software development, AI, and machine learning, with extensive experience in designing, implementing, and optimising innovative solutions. I thrive on challenges and am dedicated to staying up-to-date with the latest technologies and methodologies. My commitment to continuous learning allows me to adapt quickly to new environments and contribute effectively to diverse projects. Proven ability to lead agile teams through entire project lifecycles, successfully developing functional software that meet the customer's requirements.

Education

BSc (Hons) Computer Science - Brunel University

2023 – 2024

- Artificial Intelligence, Software Engineering, Software Project Management

Skills Summary

Programming and Software

- Java, ReactJS, HTML, CSS, JavaScript, React Native, SQL, Python, AWS

Soft Skills

- Leadership, Time management, teamwork, agile methodology communication, problem solving

Projects
